

Quadruple Grid Technique Spatial

These Grids are used to clear dense energies from spaces, e.g. a room, house / property. The following beings are called upon for help:

Legions of Michael: These are the angelic realms associated with Archangel Michael. They are good at infusing energy into a structure and maintaining the structure itself.

Destroyer Force Angels: These angelics go into the deepest parts of the Karma Game and cut the pathway for light to emerge into its next highest level.

Ze'Or Continuum These are a group of beings who originate from another universe. They are pure-energy beings, and they are the sentient embodiment of physical forces, such as gravity, electricity, magnetics, thermals, etc. They have come to assist Earth and her inhabitants through the electromagnetic shifts we are experiencing preparatory to Zero Point. They are always available to assist upon request.

Circle Security: they are like the cosmic traffic police. Their job is to set up, keep clear and maintain inter-dimensional and inter-universal communication grids.

In this technique, you ask the specific group to set up their level of the grid, designating the geometric shape, size and location. Spherical grids are the most stable.

This is how it goes:

Legions of Michael: grid level one spherical around my house.

Destroyer Force Angels: grid level two spherical around my house.

Ze'Or Continuum: grid level three, spherical, my house.

Circle Security: grid level four, spherical, my house”

You will feel the spherical grids form in the space around you.

“**Destroyer Force Angels**, I command you to spin your grids spinning out astral entities, shame, guilt, mistrust, shock, trauma, stress, geopathic stress, adverse Feng Shui and adverse Vaastu influences, stray electromagnetic frequencies, fear, disharmony, anger, adverse astrological and numerological influences, conflict, consensus reality beliefs, all energies of previous occupants, expectation, frustration,

viruses, funguses, bacteria, worry, astral distortions, miscommunications, sadness, enemy patterning, scarcity, loneliness, and anything else that hasn't been mentioned in this or any other language that needs to leave the space at this time." (*Fill in anything else you feel needs to leave depending on situation*)

You will feel the field spinning in one direction and lots of energy residue leaving it. Wait for field to completely clear. It will then slow down. When you feel it is done say:

"Reverse spin same stuff please"

You will feel a pause as the field changes direction. Let it run until it has cleaned out the remaining energy then say:

"Stop spin, thank you"

"Legions of Michael I command you to infuse your grid with the energies of Grace, Purity, Hope, Faith, Liberty, Peace, Harmony, Mercy, Rapture, Love and Victory Elohim, love, intimacy, the Unified Chakra, clarity, full connection to Spirit, tolerance, clear communication, health, abundance, following Spirit without hesitation, mastery, sovereignty, serenity, centredness, joy, wisdom, groundedness, stability, focus, surrender, living Heaven and anything else that hasn't been mentioned in this or any other language, but which you know needs to be in the space at this time.

When the field feels full of all the infused energy say:

"Seal Grid thank you"

"Ze'Or Continuum, I command you to align all electromagnetic and gravitational frequencies to the energies of the people in the space. Thank you."

"Circle Security, I command you to realign and reharmonise with upper dimensional gridworks clearing all parasites and distortions off the grids. Infuse frequencies for clearer communication with Spirit"

"Seal Grid thank you"

FINISH

This is based on the Quadruple Grid Technique developed by Angelic Outreach.

For a quick EMF adjustment, such as when you are working near computers and other electronic devices (including the chips in your vehicles, pagers, cellular phones, cordless phones, etc.):

“Ze’or Continuum, please assist: please harmonise the frequencies of all electronic devices in my space to my fields.”

Grids for the home

Spin out energies that are adversely affecting you, e.g. microwave transmissions.

If you are fighting with your partner or roommate a lot spin out karmic monads, anger, resentment, miscommunication, referencing the past, obsolete telepathic images, astral entities. Infuse clear communication, compassion, mastery, sovereignty, intimacy, transpersonal positioning, honesty, love etc

Do you have noisy neighbours? Spin out hatred, violence, astral entities, enemy patterning, scarcity, struggle, hopelessness, stress, other people’s karma, lack of consideration, fear... Infuse harmony, Divine provision, peace, clarity, gentleness, honour...

Are you heavily mutating & clearing? Spin out density, obsolete DNA encodements and thought forms along with all associated emotions, cellular memory, dark force seed thoughts, pictures of reality, human genetic consciousness, holographic programming, entities, beings, structures, implants, devices, obsolete pictures of reality, struggle, resistance and fatigue. Infuse peace, hope, connection to Spirit, surrender, trust, Grace, and Purity Elohim, and an ever expanding capacity knowing I have all the time in the world to get everything done that really needs to be done....

This is based on the Quadruple Grid Technique developed by Angelic Outreach.
